

**We are pleased to welcome Niki Jabbour to speak to the Chester Garden Club on May 25th 7pm St Stephen's Hall**  
**'Vegetable Gardening In A Changing Climate'**

Niki's program will highlight the eight strategies on how we as gardeners can mitigate these issues in our gardens.

The challenges of climate change, drought, flooding, invasive insects and more.

Bring a friend and spread the word. Question and answer session to follow program.
