

Hello Nova Scotia, want to meet us for a coffee and conversation?

Cermaq would like to invite you to an informal open-house to talk about salmon farming, your community, your history, your values and what you think of a potential expansion into salmon farming in your region.

We are currently investigating the possibility of expanding our salmon farming operations into Chedabucto Bay, St. Mary's Bay, Mahone Bay and St. Margaret's Bay. For us, this would be a huge undertaking and it will only work if we can find a way to add to the iconic Nova Scotia seafood story, add value for local communities and find a shared path forward.

We are hosting a community meeting in Chester on Monday, March 2, 2020 at the Chester Royal Canadian Legion Branch 44, #14 Union Street, Chester, NS, from 6:00 p.m. to 8:00 p.m. The meeting format will include an open information stations from 6:00 p.m. to 7:00 p.m. which will be followed by a short presentation at 7:00 p.m., followed by open questions from the floor.

We hope you can join us and look forward to seeing you there.
